DETAILED ACTION

Allowable Subject Matter

- 1. Claims 1- 18 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 1, for example, which include, a zoom lens having a three lens group in order from object side to image side having (-, +, +) refractive power and for zooming from a wide –angle end to a telephoto end moving second lens group and a third lens group from image side to object side, and the first lens group consists of a lens having a negative refractive power and a prism for changing a light path arranged in order from the object side.
- 3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
